How to Use:

Pour 10 parts of water and 1 part of liquid in a spray bottle and spray on the area to cleaned. Wipe off with a moist cloth.

For floors and clothes:

Mix about 25 ml of the liquid in half a bucket of water (5 litres).

Kitchen Uses: Sinks, Tiles, Platform, Appliances like gas stove, mixer, ovens, refrigerator, oily utensils, oil cans, chimney, exhaust fans, dining table top

Washing fruits and vegetables: Soak the vegetables or fruits in a tray full of water. Add about 10 ml of the cleaner to the water. Wash it after 10 minutes.

Garden: Spray on the outer side of pots to remove moss or stickiness

Around the House

- Window panes, Glasses – Mix 1 part in 10 parts of water. Wipe with damp cloth, then dry cloth. For glass wipe with newspaper instead of cloth
- Clothes and Floors – Mix 25ml of liquid in half a bucket of water (about 5 litres)
- Ceiling Fans, Electric Switches and boards – Wipe with Damp cloth
- Shoes, Socks, Curtains – Spray the diluted liquid as a deodorant on curtains, socks, shoes, shoe rack to remove smell due to dampness
- Put 20 ml of liquid in drains once a month to avoid choking. Leave overnight.
- Clean Balconies and Porches to remove stains
- For Rusted Nuts Bolts, Gym Weights, Sticker Labels - Spray diluted liquid and leave for 15 min. Wipe off.
